

## Skash The Kitsune (The Beginning Book 1)

Hello Im Calvin, you might be wondering who I am, or even what I am at this point, but to tell you the truth I honestly dont know myself Im actually human err was human until one day that I saw a strange meteor shower type thing. It was not a normal meteor shower the meteors were moving as if they were being controlled, this strange light hit me at extreme force leaving me hospitalised for a few weeks before I woke up. I felt normal at first but a few weeks later some strange things have started to happen I started to grow a tail, ears; actually, transform into a human-fox like creature at the time I did not know what was going on all I knew was that there was something strange happening at the other side of the world as well that I will be facing on my home soil. The news stated that there were some strange mystical alien attacks happening all over the U.S. and Europe, not even the military could slow them down, the pictures were unclear but what I could see was they were just picking things up and throwing them around like they were toy cars, killing thousands in a day. The strange thing is they were searching for me!
