

The Goals Workshop

The New Science of Goal Achievement. Have you ever wondered how to accelerate success in all areas of your life simply by using one simple process? By setting and achieving goals. This book breaks down the new science of goal achievement into simple, manageable steps and provides a blueprint for achieving the life of your dreams. This new methodology includes* SAMITE goals - why SMART is no longer smart* Why Goals are so powerful* How to overcome your fears and* Unleash the power of your subconscious mind to propel you to succeed. If you are new to the subject of Goal Setting this book provides an excellent starting point with clear explanations, rationale and examples. If you've tried Goal Setting before and are maybe frustrated by your lack of success then this guide sets a new standard in helping you achieve your dreams. The Goals Workshop is your step by step guide to setting and achieving your business, financial and personal goals.
