

On the Outside Looking In!

On the Outside, Looking In! is the second book by this author, following on from Four Seasons in One Day. The poems describe the views, thoughts and insights on everyday situations in life. The love, passion, and hate we sometimes all feel, mixed with the beauty and wonderment of the English countryside. The authors ideas are written in lyrical prose that also captures his frustrations on money, work and the constant clamor for celebrity. The title comes from a poem in the book called On the Outside, which reflects that authors opinion, where we all at some time in our lives have felt that we dont fit in to societys current ideals. The book also portrays todays outlook in England and can be enjoyed by people of all ages.
