

HG Wells Classic Collection I

This collection includes *The Time Machine*, *The Island of Doctor Moreau*, *The War of the Worlds*, *The First Men in the Moon* and *The Invisible Man* - all collected in a stunning leather-bound omnibus. Five of the best science fiction novels by the Grandfather of Science Fiction: unsurpassed in their timeless capacity to thrill and transfix, these are tales that reach to the heart of human ambition, fear, intelligence and hope. *The Time Machine* was Wells' first major piece of fiction: a haunting vision of a far future earth orbiting a sun cooling to extinction. *The War of the Worlds*: still considered by many to be the best novel of alien invasion ever written. *The Island of Doctor Moreau*: with its terrible creation *The House of Pain*, this tale anticipated our terror of genetic engineering. *The Invisible Man*: the classic study of scientific hubris. *The First Men in the Moon*: a Scientific Romance, a fantastical voyage a dystopian nightmare revealed.
