

## Jan, Son of Finn (Classic Reprint)

France AND so there is a possibility of Finns son being introduced to the British public during the present year of stress; should the paper supply and other matters permit. Well, may the best of luck go with him. He sa good dog, though I say it who should be silent on the point; and I do not think he is likely to suffer much from my absence when he steps into the ring of public opinion. In the old days I figured as judge once or twice in the ring at dog-shows; and I used to fancy that some of the exhibits would have lost nothing by the temporary absence of their masters and mistresses. Those hurried touches ot brush or comb, you know ;those nervous twitchings of the lead, which were meant to secure a better carriage of the head, a more impressive front I dont believe Finn sson has any need of them. In any case the front line trenches offer no facilities for the leisurely revision of proofs ;and, after all, the printers will no doubt present the story pretty much as it was written. It was finished, you remember, towards the close of that calm, infinitely remote age which preceded the breaking loose of the Hun. I remember that the writing of its last page, in June 1914, seemed an event of no small importance.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text.
