

## One Day in the Life of Ivan Denisovich (Signet Classics)

The extraordinary One Day in the Life of Ivan Denisovich is one of the most significant and outspoken literary documents ever to come out of Soviet Russia. A brutal depiction of life in a Stalinist camp and a moving tribute to mans triumph of will over relentless dehumanization, this is Alexander Sotzhenitsyns first novel to win international acclaim. The Soviet Union eventually revoked the authors citizenship and had him deported, and he only returned recently after the collapse of the U.S.S.R.
